CUSTOMER INFORMATION & ASSISTANCE

Pay Online

Visit thameswater.co.uk/pay or call **0800 316 9800** to make a payment using debit or credit card, or set up a Direct Debit. 24-hour automated service available.

WaterSure Tariff

If you have 3 or more people in your household or a medical condition requiring high water use, you may qualify for our WaterSure capped tariff. Call us to apply.

Leakage Allowance

If you suspect an internal leak, contact us within 30 days of receiving your bill. We may be able to reduce your charge by 50% for verified leak-related consumption.

Water Efficiency — Your Contribution

Your household uses approximately **15% less** water than the average household in the Thames Water region. This helps protect our rivers and reservoirs during summer demand peaks. You can request a free home water efficiency kit at thameswater.co.uk/save-water or by calling our helpline. Even small changes — like a shorter shower — can reduce your annual bill by £20–£40.

UPCOMING CHANGES

Notice: As announced by Ofwat, Thames Water's standard water and sewerage standing charges will increase by 1.8% from 1 October 2025, in line with the agreed AMP8 investment programme. Metered rates remain unchanged. You will receive updated rate information with your Q3 2025 bill.

REMITTANCE SLIP — RETURN WITH CHEQUE
